Pneumatic Water Cannons

P180D Pneumatic Water Cannon with Pneumatic Nozzle.

CP65K1

P180D Pneumatic Water Cannon with Straight Bore Nozzle.

CP65K2

The P180D pneumatic water cannon is designed and built in Australia. Built for harsh environments and featuring patented direct drive swivels, this is the only pneumatic water cannon on the market to have 180-degree horizontal rotation and 90-degree vertical movement. Controlled from an in-cab mounted joystick control box, operation is smooth, and response is instant. Drive components are sealed and maintenance-free.

Electric Water Cannons

CEN65K1

Nitro HD Electric Cannon Kit with Electric Nozzle and Joystick Controller.

CEN65K2

Nitro HD Electric Cannon Kit with Brass Nozzle and Joystick Controller.

CEN65

Nitro HD Electric Cannon. No Nozzle.

The Nitro HD is a heavy-duty water cannon with corrosion resistant 'Elk-O-Lite' body. 2.5" NPT inlet and 2.5" NHT outlet, with max flow 2840LPM, voltage 12 or 24VDC. Constructed with elliptical pipework and internal vein to enhance water flow. Achieves 350-degree horizontal rotation and 135-degree vertical rotation. Stainless steel swivels.

CEN65N

Nitro HD Electric Nozzle.
2.5" NHT thread, max flow 1325LPM.

CNB80

Straight Bore Brass Nozzle.
To suit Nitro HD. 2.5" NHT thread.

CEN65J

Nitro HD Electric Joystick.
Includes up/down/left/right/fog/stream and water valve control functions.

Electric Water Cannons

CE652K1

EXM2 Sidewinder Electric Cannon Kit with Radio Remote.

CE652K2

EXM2 Sidewinder Electric Cannon Kit with Joystick Controller.

CE652

EXM2 Sidewinder Cannon. No Nozzle.

The EXM2 Sidewinder is a compact, high-flow, electric remote controlled water cannon for fire apparatus, ARFF, military, construction, and mining vehicles. Designed for rugged applications, with flow rates up to 750GPM (3000LPM) and an industry-leading operating pressure rating of 600psi (42 BAR). The EXM2 includes heavy-duty swivel joints and thrust rods for unprecedented durability.

CE652N

EXM2 Sidewinder Electric Nozzle. 2.5" NHT thread, adjustable flow settings 250/350/500/700 GPM.

CE652J

EXM2 Sidewinder Electric Joystick. Includes up/down/left/right/fog/stream functions and stow/deploy controls.

CE652C

EXM2 Sidewinder Electric Radio Remote. Handheld controller with docking station and module.

Manual Water Cannons

CM80K

Vulcan Manual Water Cannon Kit with Straight Bore Brass Nozzle.
3" inlet and 2.5" outlet. Max flow 4732LPM.

CM50K

Sidewinder Manual Water Cannon Kit with Straight Bore Brass Nozzle.
2" inlet and 1.5" outlet. Max flow 1893LPM.

CM80

Vulcan Manual Cannon. No Nozzle.

CNB80

Straight Bore Brass Nozzle.
2.5" NHT thread.

CNB50

Straight Bore Brass Nozzle.
1.5" NHT thread.

CM50

Sidewinder Manual Cannon. No Nozzle.

CNA80

Straight Bore Aluminium Nozzle.
2.5" NHT thread.

CNBA50

Adjustable Brass Nozzle.
1.5" NHT thread.

Cannon Accessories & Spares

CEN65N

Nitro HD Electric Nozzle.
2.5" NHT thread, max flow 1325LPM.
Straight stream or fog flow pattern.

CEN65AM

Nitro HD Electric Nozzle Motor.
Nozzle motor and actuator assembly. 12V.

CEN65J

Nitro HD Electric Joystick.
Includes up/down/left/right/fog/stream
and water valve control functions.

CEN65GM

Nitro HD Gear Motor.
Replacement gear motor.

CEN65M

Nitro HD Control Module.
Replacement control module.

CEN65NS

Nitro HD Nozzle Stem.
Four available flow rate stem options:
200gpm, 350gpm, 500gpm, or 750gpm.

CEN65HC

Nitro HD Electric Harness.
Cannon to module. 5m length.

CEN65DE

Nitro HD Discharge Elbow.
Replacement discharge elbow.

CEN65HJ

Nitro HD Electric Harness.
Joystick to module. 5m length.

CEN65PS

Nitro HD Position Sensor.
Replacement position sensor.

Allquip Water Trucks

Allquip is a family owned, Australian operated company based in Rutherford, NSW. We have more than two decades of industry experience, specialising in the manufacture of water trucks, tankers, and slide-in units. We are committed to delivering the highest quality products to our clients; supplying the mining, government, fire (Allquip Fire), civil, and construction industries where fluid transport is essential.

Water Truck Parts Online

WTPO is the online store for Allquip's parts division. Our expert team is here to help for the duration of your water truck. We keep stock of spare parts and accessories in our Rutherford warehouse. Open to the public, you can purchase parts directly or through our online store. We have three scheduled freight dispatches per day, from our warehouse to anywhere in Australia.

We also have accounts for priority customers and government departments, allowing for quick and easy ordering. After-sales support is a priority at Allquip, so we will be here to help keep your water truck operating the way it should.
